## Protective wheel for corner cabinets

This catch is for 2 door corner units.

1. Soft wheel stops damage to adjacent doors when wrongly operated.

2. Prevents door edge contact

3. Locator applies sideways tension, preventing dropping of the cabinet door.

- > Protects front of the door next to corner cabinet
- > Prevents scratches and defects
- > Includes receiver for locking the front, preventing dropping of cabinet door
- > Order qty: 1 pc
