

PALETTE WOOD DYE.

Palette Wood Dye is a water-based, acrylic dye for colouring interior bare wood, whilst leaving the natural beauty of the grain visible.

For use prior to oil, wax, varnish and French polish finishes, Palette Wood Dye is suitable for both soft and hardwoods.

Ideal for use on floors, it is available in a range of wood shades, which can be mixed together to create unique colours.

It is safe for use on toys.

Size: 250ml & 500ml tins.
